

The Do Not Call laws should not be changed, business/telemarketers do not have a right to call me at home. If I wish to do business with them I will call them or they can contact me by mail. It has been such a pleasure that the phone does not ring at 8 am to 9 pm every day with sales calls. People can enjoy spending time talking with their family during a meal without being interrupted by telemarketers. Thank you for your consideration.
